

**COMMISSION ON TECHNOLOGY**  
**Agenda Information/Action Item**  
**Meeting Date: September 9, 2016**

<i>Agenda Item:</i>	<i>Type of Action Requested:</i>
<u><b>FOLLOW-UP ON COT CYBERSECURITY SUBCOMMITTEE</b></u>	<input type="checkbox"/> Formal Action/Request <input checked="" type="checkbox"/> Information Only <input type="checkbox"/> Other

**FROM:**

Mr. Stewart Bruner, COT Staff Member

**SUMMARY:**

Stewart will update members on actions taken following the direction to create an ad hoc subcommittee on cybersecurity at the June 3 COT meeting as well as approval by the Arizona Judicial Council (AJC) of a set of required security standards with a phased implementation. The subcommittee will provide governance, oversight, and specific policy guidance over information and network security, not only for AJIN but for networks that connect to AJIN and all technology resources used to conduct the business of the courts. An important initial task of the subcommittee will be to evaluate requests for additional time to implement minimum security standards as returned in gap analyses. Members representing various court business roles and stakeholder areas are being appointed by the COT chair. Stewart will also share up-to-the-minute progress on security standards compliance tables received in advance of the September 30 due date.
